# **GENERAL**

1. The objective of publishing this Annual Report is to produce an analysis into General Staff. Administrative and logistic matters carried out by Directorates of Army Headquarters and other establishment during year 2005 and also lapses observed due to certain constraints.

2. Assignments completed and proposals for the following year by respective authorities have been included in this report with a view to provide a broad insight into events during year 2005 and proposal for year 2006.

3. Certain programmes pre- scheduled for year 2005 had been amended to suit unforeseen demands specially in Security Force Headquarters (Jaffna), Security Force Headquarters (Wanni) and Security Force Headquarters (East).

4. All senior appointments and Staff appointments at Army Headquarters are indicated at the beginning of the report.

5. The Directorate of Training has trained troops locally and abroad. A considerable number of Officers, Other Ranks and Recruits were trained during the Year 2005.

6. Approximately a sum of Rs. 40,946,728,559.00 was allocated in the Annual Budget for both capital and recurrent expenditure.

7. The Army Paid Strength including the total number of Officers and Other Ranks disabled due to terrorist activities and non terrorist activities. Hence there is a shortfall of Strength in Regiment / Battalions for operational duties. It is suggested that ministry of Defence approval be obtained for the enlistment of Other Ranks in the Army excluding the Strength of the disabled personnel in order to boost the strength in the regiment/ Battalions.

8. Approximately 21% of the total number of deserters cleared by the Directorates of Pay and Records was discharged during the discharge programme launched in Gampaha, Kalutara, Colombo, Anuradhapura and Kurunegala districts. It is recommended that arresting of deserters be conducted in the same districts trough which deserters of other district could be motivated to obtain their discharge in future discharge programmes.

9. The Sports Control Board has developed both sportsmen and sportswomen and given opportunities to participate both at Local and International level. The Army had achieved higher standards in sport during year 2005.

10. The Army deployed troops in Tsunami affected areas mainly on construction works reinforcing the government machinery.

11. A total number of 5870 recruits have been rectruited and 119 Officers Cadets have been commissioned during year 2005. Other Ranks numbering up to 2670 have been discharged during the period under review.

12. Every encouragement was given to Officers / Other Ranks who intended constructing their own houses by way of arranging various facilities.

13. The Directorate of Welfare had implemented a considerable number of programmes for the benefit of the Sri Lanka Army. Many insurance schemes have been implemented in liaison with the insurance co - operation.

# 2

14. Arrangements were made to obtain the service of civil specialist Medical Officers in various fields of medical specialties in order to provide the best possible medical and surgical care to the personnel, their families and Civil Staff of the Army.

15. It is important to organize some refresher courses for para medical personnel to update their knowledge. therefore it is necessary to obtain reservation of relevant vacancies for courses like Nursing, Radiography, Medical Laboratory Technicians, Physiotherapy, Pharmacist, Public Health Inspector, Electro Encephalography Technician, Electro Cardiography Technician and Opthalmic Tecnician in the medical field.

16. Army Headquarters has co-ordinated Naval / Air/ Rail/ Road moves for te\he benefit of all personnel of the Army during year 2005. Officers and Other Ranks were provided with Air fare to attend courses/ seminars/ visits abroad.

### **CONCLUSION**

1. All directorates and other establishment had taken great effort to address assigned tasks amidst numerous constraints.

2. Training is considered as the best welfare of soldiers. All possible avenues of training locally and overseas were explored in year 2005. Further the Army was able to obtain a considerable number of local non- military courses from civil establishments for serving personnel.

3. Welfare extended to personnel has also been expanded. steps have been already taken to start the International Schools for children of Officers/Other Ranks in the Army. The project is already on progress.

4. Recruitment to the Army has also been given attention and it is expected that numbers would be improved with broader propaganda.

5. Sri Lanka Army sportsmen and women excelled in the field of sports, and brought fame to the Army as well as to the country.

6. Commanders at all levels have taken maximum effort to achieve objectives for the year 2005.

ii. The BSc in Military Studies Degree Programme conducted by the SLMA in collaboration with the Sabaragamuwa University of Sri Lanka includes "Sinhala" Language as one of the compulsory subjects in the syllabus. This has arisen as a result of a SLMA studying by the SLAMA on the declining standards of Sinhala language skills amongst Officer Carder and is based on the proposition the possession of proper skills in mother language and the knowledge that could be gained trough them would cultivate a greater interest in learning a second International language. (ex, English)

(2) <u>English.</u>

i. The learning of English Language is always encouraged at all levels. Qualified English Instructors have been provided to the Army Service Corps Training School and to the ACSC. English Programmes are also conducted by 22 Division 531 Brigade employing available resourses.

#### B-4 RESTRICTED

ii. <u>Military Skills Development Project (MSDP)</u>. The SLMA has been identified as a resource for the Military Skills Development Project conducted by the British Council. This is an English Language study programme that covers all three services. A specialist British Instructor is in charge of developing English Language teaching skills of military / civil instructors serving at SLMA. The MSDP instructors have visited the ACSC as well.

(3) <u>Tamil.</u> The respective syllabuses of recruit training and all the other courses exceeding 10 x weeks now includes Tamil language as a compulsory subject. The plan was to train around 6000 personnel in Tamil proficiency during the year 2005. Faced heavy obstacles such as the Tsunami catastrophe, dearth of qualified and capable instructors, and deviation from the scheduled programme and limited the number trained to 4750 approximately. In spite of the difficulties cited the Directorates of Training had 02 x instructor courses conducted and 76 x instructors were dispatched to various locations. Further the Divisions / Brigade Headquarters have been granted Rs. 1000 /= for basic materials required for each Tamil course. More instructor courses have been planned to meet the requirement on a continued basis. A board has been at work to develop a general block syllabus in Tamil language skill for personnel of the three services.

n. <u>Training within Formations.</u> Battle Training School was established at SF HQs to streamline the training conducted at formation level.
