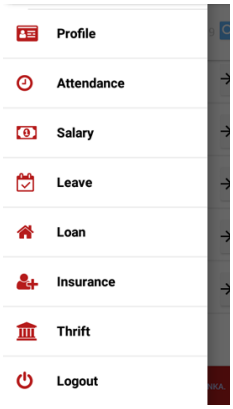
Parliament launches its “Intranet Mobile App”

Date : 17-04-2019

The Parliament today launched a mobile app that supports its intranet functions. It was officially presented to Secretary-General of Parliament Mr Dhammika Dasanayake and Chief of Staff & Deputy Secretary General Mr Neil Iddawala.

This app is built upon and facilitates the intranet web portal of the Parliament Secretariat named “iParliament”. Staff members of the secretariat can log in with their credentials and view information such as personal profile, daily attendance, salaries, leave details, loans, etc via the app.


The app was designed and developed by the staff of the Department of Information Systems & Management of Parliament.
