Chapter 01 - Institutional Profile/Executive Summary

1.1 Introduction

Several Departments and Public Institutions taking charge of the course of realization of law and justice are coming within the purview of this Ministry. Despite the subject which the Ministry has been entrusted with, its scope and extent have been changed from time to time from the inception to date standing apex of the process of law reforms and in facilitating for the process of administration of justice for the sake of general public. The uniqueness of this Ministry is the Chief Accounting Officer holding responsible for two Expenditure Heads of 110 and 228.

The purview of the Ministry includes the implementation of important laws which *inter alia* consist of laws pertaining to matters relating to criminal and as well as the laws conducive to the protection of the civil rights of the entire citizen of the country. The Ministry thus involves in the introduction of new laws and the amendments to the existing laws in line with the contemporary needs of the country. Further, the Legal Draftsman's Department coming within the purview of the Ministry of Justice engages in a formidable task by way of drafting legislation responding to the requests being made by other public institutions while the Attorney General's Department provides legal advice and issue certificate of constitutionality in respect of certain legal matters.

One of the other responsibilities with the Ministry holding accountable is to facilitate for the administration of justice and to protect the independence of the judiciary. The Ministry extends its fullest cooperation to the Judicial Services Commission for the Court Administration. The Ministry of Justice provides 225 Courts and 39 Labour Tribunals in 34 judicial zones already published in the Gazette with necessary infrastructure facilities. In this effort, the Ministry is involving in maintenance of court buildings, renovation and refurbishment and construction of new building on exigencies. The Ministry is also engaged in the provision of residential facilities, construction and maintenance of official residences enabling the judicial officers to discharge their duties with dignity and independence. Moreover, the Ministry is also responsible for the provision of telecommunication and transport for them.

Avoidance of delays in the process administration of justice is prioritized by the Ministry as its one of the responsibilities. In order to cope with backlog of courts cases, there exists an alternative dispute resolution mechanism against the litigation where the Mediation Boards Commission, the Department of Debt Conciliation Board, the International Arbitration Centre etc. coming within the purview of the Ministry play an important role. Scientific evidence testified by the Government Analyst Department are vitally important in assisting the realization of administration of justice.

In an attempt to provide equal access to justice for all citizens, the legal Aid Commission renders a great volume of work specially focusing its attention on the poor who are unable to seek legal redress. The National Authority for the Protection of Victims of Crimes and Witnesses encourages the witnesses to adduce evidence so that the criminals may be convicted based on the evidence. Further, the Ministry takes the charge of administration matters pertaining to Inquirer into Sudden Deaths, Commissioner for Oaths and Sworn Translators.

Government Gazette No. 2328/19 dated 21.04.2023

These legislative amendments have provided positive solutions to long-standing problems in the country. The law regarding repossession of properties that had been leased for many years, the establishment of rehabilitation bureau for drug addicts which has become a big scourge in the country, the management of candidates' expenses and the anti-corruption act introduced to reduce bribery and corruption are very special.

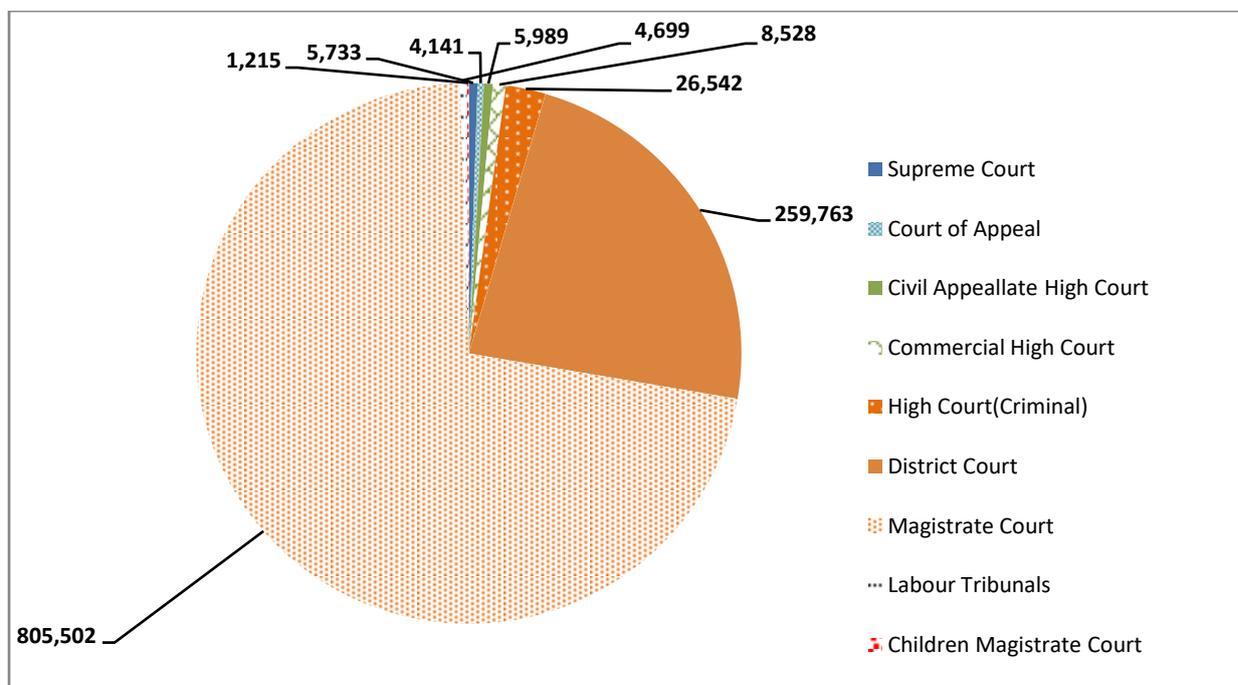

The biggest crisis that the judicial sector has faced so far is that the courts have been piling up to solve a large number of cases for a long time. From 2015 to now, the number of cases at the end of each year is as follows.

Number of cases to be solved from 2015 - 2023

A large number of these pending cases are in the Magistrates Courts and District Courts. The way the cases are stacked according to each court is as follows.

Number of cases pending in Courts as on 31.12.2023

This situation in the courts has adversely affected the development of the economy of the country and has caused Sri Lanka to go down in international rankings. It leads to creation of adverse investment environment in the country and discourages foreign investment.

Automating the court system has been identified as a major need to change this delay in the administration of justice and the implementation of this project has become extremely challenging with the current economic situation of our country.

Another major reason for the delay in cases in the courts has been identified as the insufficient number of judges in proportion to the disputes referred to the courts.

The information about the judges in the courts as on 31.12.2023 is as follows.

Courts	No. of Courts	No. of Court houses	Number of Cases to be solved (31.12.2023)	Number of Judges (31.12.2023)	Number of cases per Judge

The number of judges per million of the population is very low compared to other countries. Understanding this situation, the ministry is implementing a program to increase the number of judges and the number of courts from the year 2020. Accordingly, 30 judicial officers were recruited in the year 2023 even in difficult times. Accordingly, the number of courts could be increased to some extent. Also, the District Courts were full of cases on financial issues and as a solution Small Claims Courts were introduced. So far, the number of judges per million of the population has been increased to 19. Accordingly, it was possible to establish separate small claims courts in Colombo, Kandy and Matara.

Despite the construction of a large number of buildings to increase the number of courts, due to the adverse economic situation in the country and the price fluctuations in the market, there were various problems to carry out their future work. Also, many projects had to be temporarily stopped following the instructions of the Expenditure Control Circular. However, Ratnapura and Welimada Court Complexes were bestowed to the people. The Theldeniya and Galle court complexes are nearing completion.

Court Complex – Ratnapura

Court Complex - Welimada

Also, it was able to start renovation work on the Superior Court Complex building, built in 1989, under the full assistance of the Republic of China. This delayed project was made possible by being able to move the ministry to a rented building to carry out the repairs in parts. This foreign aid project is a project that has not been able to be implemented since 2015. The Supreme Court should also be established in another place to enable the next phase of this project. The Supreme Court has started the construction work up to 6 floors of the 14-storey building on the BCC land in Colombo to be temporarily established until the repairs are completed. After the renovation of this superior court complex building, this building will be used for the establishment of courts located in the oldest buildings in Hulfsdorp, Colombo.

In order to play a major role in promoting the rule of law in the country by making the judicial sector efficient, the departments and institutions under this ministry were also directed by giving instructions and guidance. The alternative dispute resolution system was strengthened to the maximum to reduce the backlog of cases in the courts. There are 329 Community Mediation Boards operating throughout the island and 8,400 mediators are working for them. Special mediation boards are functioning in 16 districts regarding land disputes and 489 mediators are supported for that purpose.

The disputes settled in the year 2023 are as follows.

The **Sri Lanka Judges’ Institute** is working for capacity development of judges and has conducted 24 training sessions for 1,104 judicial officers during the year 2023. In order to develop the capacity of other officers of the courts, the **Non-Judicial Officers Training Institute** has conducted 40 training programs for 4,119 for non-judicial officers. Also, 12 efficiency tests have been conducted for 306 applicants.

Departments and institutions under the purview of the Ministry have played a great role in strengthening the judicial sector. In the year 2023, 299 legal drafts belonging to various ministries departments have been drafted by the **Legal Draftsman’s Department**. Also, in the past years, the Legal Draftsman’s Department has performed an exceptional service as follows.

Prompt provision of analytical reports by the **Government Analyst’s Department** is very important for the expatiation of administration of justice and decongestion in prisons. 15 interns have been recruited under foreign aid to remedy the shortage of officers in that department. Government Analyst’s Department was provided with necessary laboratory kits and the supply of analytical reports was digitized. Having to provide a large amount of

reports on drugs has been challenging. The progress of providing analytical reports in 2023 is as follows

Division	Remaining number of cases	Number of cases received	Number of cases reported	Number of cases not reported to end of the year-
Narcotics and Psychotropic Division	5,709	28,133	24,088	9,754

The main challenge faced by the **prison department** is that the number of inmates is more than the available capacity within the prisons. At the opening of December 31, 2023, there were 9,640 prisoners and 21,243 suspects for a total of 30,883 inmates. To reduce this amount, it is important that the analytical reports are provided promptly, and the prison can release prisoners on the basis of good behavior. Information related to the release of prisoners in 2023 is as follows.

Serial Number	The way of offence was commuted	Number of prisoners released
01	Releasing under a License	126

The National Integration Division works with the Office for **National Unity and Reconciliation**, the **Office on Missing Persons**, and the **Office for Reparations** to prepare the ground for a strong, stable, progressive and peace-loving nation where all Sri Lankans live in harmony and harmony. The programs implemented to empower marginalized school children are as follows.

Serial Number	Programme	Projects implemented	Number of projects	Number of beneficiaries	Expenditure (Rs.)
01	Empowering marginalized school children	Providing school items to orphaned or single parent children or poverty stricken children	21	2,170 school children	7,284,392.00
02	Providing equipment to underserved schools	Provision of book cupboards, Equipment, library facilities, technical equipment, books ,cupboard stables and chairs	04 School		698,100.00
Total			25		7,982,492.00

120 projects have been implemented for 372 beneficiaries for the economic empowerment of low-income families and women-headed families. In addition, 59 separate projects have been implemented for the economic empowerment of women-headed families in the North East. The number of co-operative societies in gramniladhari divisions has been increased to 10,013. Mobile services were conducted in Trincomalee and Batticaloa to solve the problems of the public, and more than 1,250 service beneficiaries were served. Mobile services were also held in the districts of Nuwara Eliya, Matale and Kandy, serving more than 20,000 low-income people. These activities were carried out entirely with the support of foreign aid agencies.

Also, being able to pass the Office for National Unity and Reconciliation Act created a very good situation for the future activities of that institution. It was also possible to speed up investigations of missing persons, and it is a unique achievement that the **Office on Missing Persons** was able to conduct 5,210 investigations in the year 2023. The **Office for Reparation** offered financial relief of 1,334.5 million rupees to 3,455 families and conducted many psychosocial programs to heal the minds of the victims. Also, for the economic empowerment of the aggrieved families, the Office has implemented four major livelihood projects. The Office for **National Unity and Reconstruction** implemented many programs and projects in 2023 on reconciliation and education, arts and culture for reconciliation, and conflict resolution.

I appreciate the role played by the Ministry of Justice and all the staff of its departments in the year 2023 to provide more efficient service to the people by improving the judicial sector. I gratefully remember Mr. Wijayadasa Rajapaksa, Hon. Minister, President's Counsel, and Mr. Anuradha Jayaratne, Attorney-at-Law, Hon. Minister of State, who provided leadership and guidance for playing a great role in the Ministry of Justice.

5.2 Achievements and challenges in fulfilling sustainable development goals

➤ Introduction

The Ministry of Justice, Prison Affairs and Constitutional Reform has been entrusted with the 16th goal of Peace, Good Governance and Justice out of the 17 sustainable development goals. Furthermore, this ministry has a special role in achieving the goals of Sustainable Development Goals No.5 and 10. Accordingly, a strategic plan was prepared together with the ministry and its affiliated institutions to achieve sustainable development goals during the period of 2022-2030 and the short-term plan was implemented.

Also, national targets for a number of sub-key indicators including the expected targets to be achieved in the period of 2023-2030 were designed and submitted to the Sustainable Development Council. The Census and Statistics Department has been informed to obtain the relevant data of the indicators that are currently unavailable.

➤ Achievements

The year 2023 can be called as a year in which the Ministry of Justice, Prison Affairs and Constitutional Reform has achieved many great achievements in accomplishing the sustainable development goals that was entrusted to work on.

Among them, the Protection of Victims of Crime Act No. 10 of 2023 was amended to reduce all forms of violence under Sustainable Development Goal 16.1. Also, activities related to the adoption of the draft on sexual harassment and receiving sexual bribes in public places are being carried out.

Furthermore, the Children and Youth Act No. 39 of 2022 was also amended to secure children's rights under Sustainable Development Goals 16.2. Also, the Code of Criminal Procedure was amended to exempt child convicts from the death penalty. In line with Sustainable Development Goal 16.3, the construction of a building to establish a new Additional Commercial High Court was completed to ensure the rule of law for all and prevent delays in the legal process. Also, the threshold for hearing cases in the Commercial High Court was increased to 50 million rupees. Furthermore, a mechanism was prepared and successfully implemented to reduce the traffic in issuing reports in the government's inspectorate department. Also, it was possible to increase the representation of women mediators in the mediation board by 30% during this year.

The adoption of the Anti-Corruption Act No. 9 of 2023 and the Regulation of Election Expenditure Act No. 3 of 2023 can be termed as another unique achievement.

➤ Challenges

01. Difficult to implement the proposed development projects, in the economic crisis which Sri Lanka is facing.
02. Lack of awareness of Public officers, general public and student population, with regard to the Sustainable Development Goals.
03. As executing of sustainable development goals is not a role of the individual institution, assistance of other institutions is constantly needed and it is difficult to make such coordinating activities.
04. Collecting of sufficient data on Sustainable Development concepts , is problematic.

06.2 Briefly state how the shortage or excess in human resources has been affected to the performance of the institute.

Head 110

Arrangements have been made to cover certain senior level vacancies in the Ministry through work acting appointments. However, difficulties have arisen in carrying out the functions of the Ministry smoothly due to the vacancies in the secondary level posts.

Head 228

Due to the existence of vacancies of employees at the primary level in the courts, it has become difficult to work in many courts. A total of **492** were recruited to the Courts in making permanent appointments to Multi-purpose Development Assistants. However, the Judicial Service Commission has reported that, the number of posts in the primary service category currently approved for the courts is insufficient due to the number of cases and duties.
